MASTER IN MANAGEMENT GRANDE ÉCOLE

ESSEC BUSINESS SCHOOL

Vincenzo Vinzi
Dean and President
of ESSEC Business School

CREATED IN 1907, ESSEC BUSINESS SCHOOL IS A WORLD-SCHOOL WITH FRENCH ROOTS. ITS PURPOSE IS TO INFUSE TOMORROW'S LEADERSHIP WITH MEANING.

ESSEC is a **business school** with programs ranging from Bachelor to PhD, a wide range of Masters programs including our flagship **Master in Management** and **Global MBA** programs. ESSEC also offers executive education and custom training designed and developed on-demand for our partners from the private sector. ESSEC holds the **"Triple crown"** of accreditations for global business education: **EQUIS, AACSB** and **AMBA.**

At the core of the ESSEC learning experience is a combination of **excellence and distinctiveness.** ESSEC's **unique educational model** is based on education by experiences, that foster the acquisition of **cutting-edge knowledge** with the development of **know-how** and **life skills.** At ESSEC, we aim to **empower** students and give them the keys to imagine, create, lead and have a **positive impact** in the business world of tomorrow that will be more complex and changing ever more rapidly.

ESSEC is a world-school. Our International campuses in **Asia-Pacific** and **Africa** are **dual gateways** that allow students to really immerse themselves into **different cultures** worldwide and develop **genuine expertise** about business in those regions. They allow our school to build deeper alliances with academic, private and public partners in those regions that are growing at an accelerated pace and will be leaders of economic growth in tomorrow's world. ESSEC has built a network of alliances with **academic partners worldwide** so that its students' learning journey is a true international one.

ESSEC is a school with **French Roots** that trains **responsible leaders.** Being a responsible leader means being able to see beyond *business as usual.* Responsible leaders are able to value **long-term benefits** over short-term profits; they are able to blend corporate performance with **employees' well-being.** To prepare its students for the world of tomorrow, ESSEC's pedagogy seeks to awaken and develop **creative and critical thinking,** together with **the learning-by-doing** method. Responsible leaders are those who can see the broader picture.

ESSEC is a **full ecosystem** at the crossroad of rigorous and relevant research, innovation, business and society. At ESSEC we believe in bringing research and companies into the classroom, we also believe that learning doesn't end with a degree: learning at ESSEC means becoming a **life-long learner** and joining a close-knit **community of alumni** with over **79,000 members** all across the globe.

DEAN'S NOTE

BECOME RESPONSIBLE LEADERS THE WORLD NEEDS

The ESSEC Grande École program is **one of the oldest and the most prestigious Master in Management (MIM) programs in the world.** Its objective is to educate the next generation of **responsible top leaders,** who will positively contribute to the transitions the world has to face. The values of humanism and excellence that have permeated ESSEC since its creation in 1907 are more relevant than ever. You will be exposed to ESSEC's unique pioneering spirit, which is at the core of our DNA. ESSEC's world-class faculty will expose you to the latest theory on management and leadership on our campuses in Paris, Singapore, and Rabat (Morocco).

During your studies, you will be able to efficiently achieve your professional goals through the **one-year Intensive Track's** carefully crafted curriculum or explore through **Flexible Track** designing your own career path, become an entrepreneur of your own learning journey, tapping into any of the program's 50 specialisations. Throughout your journey, ESSEC's Metalab team is at your side to help you understand and leverage new technologies such as artificial intelligence and data analysis to bring your projects to fruition. You will also benefit from the expertise of the Geopolitics & Business Institute to analyze the impact of geopolitical shocks and trends on businesses and organizations. In addition, our Together initiative reflects our commitment to diversity, inclusiveness, and sustainable development across all aspects of campus life.

Accompanied by our network of **more than 100 academic partners worldwide,** you can put your ideas into practice or create your own business through our Enlightening Entrepreneurship Centre with its various incubators, such as ESSEC Antropia, dedicated to social entrepreneurship. Our students are restless innovators, exploring new frontiers around the globe, and applying new concepts such as imagination techniques and design thinking for the betterment of society. You can volunteer and become involved in one of our **hundred student associations** and **alumni clubs** dedicated to making the world a better place.

Finally, you will be part of ESSEC's powerful alumni network from your first day in the program. Our **79,000 alumni occupy leadership positions** in all major sectors, functions, and countries. If you are ready to live up to the challenge and embrace ESSEC's values of **academic excellence** and **responsible leadership,** we are thrilled to welcome you into our Master in Management program.

SPECIALISED TRACKS OFFERED IN MOROCCO:
Global Manager in Africa, Leading SMEs.

SPECIALISED TRACKS OFFERED IN SINGAPORE:
Global Manager in Asia, Corporate Finance, Business Management in Asia, Operations Management, Financial Markets, Fintech in Asia, and Tech, Innovation & Entrepreneurship.

A MULTI-CAMPUS EXPERIENCE*

Starting *in Singapore*

Students fully immerse themselves in Asian contexts. They enjoy all the strengths of a leading French business school that has been based in Asia for more than a decade. Placed at the heart of the region, students study in English while having opportunities to learn French and Mandarin. They are exposed to Asian-specific electives and seminars to navigate more easily in the international environment. They benefit from Singapore’s pioneering spirit and the state-of-the-art facilities located in the city’s innovation park. From the second year, students get started with a professional experience or get back to the French campus.

Starting *in France*

Students fully immerse themselves in European contexts at the ESSEC historic campus (est. 1907) and study in English or in French. Close to Paris’s fast-paced business district and other important European places of commerce, they benefit from a vibrant student life and from knowledge labs with the latest technology to develop their creativity and innovative ideas. With the Flexible Track, from the second year, they can choose to continue studying in France or move to the Asia-Pacific campus in Singapore. Alternatively, they can also go on an academic exchange or get started on their professional experience.

Studying *in Morocco*

After their first year, students may choose one of the tracks Global Manager in Africa or Leading SMEs. Students will be able to understand business conduct in Africa, either as entrepreneurs or as future collaborators in a company implanted in Africa. Placed at the Plage des Nations in the city of Sidi Bouknadel (Rabat-Salé-Kénitra area) with state-of-the-art facilities, students will study in French or English in a truly unique blend of Mediterranean, Arabic and African influence.

*Intensive Track is only taught at ESSEC France.

Specialised tracks starting in Singapore:
Geopolitics in Asia, Asian Economies, Managing International Business in Asia, Negotiate Business Deals in Asia, Asian Culture & Society.
Junior Consultant Experience: one six-week project with a for-profit organization and another six-week project with a non-profit organization.

ESSEC MENTOR PROGRAM: IN THE **FLEXIBLE TRACK**, WE WILL GUIDE YOU TO CREATE YOUR OWN PATH

Students are paired with a mentor who will help them develop their professional plans according to their individual projects and objectives. In designing their own path in line with their career aspirations, students not only follow courses in management but also are able to develop their knowledge and understanding of specific functions and sectors in a globalized world.

ESSEC's Chairs closely associate our academic institution with companies and organizations keen to develop specialized, innovative skills in their sector. Placed under the responsibility of permanent faculty members, they aim to produce new knowledge, and to advance the science and practice of management in the face of new challenges in their international environment.

Teaching Chairs offer a selective, specialized educational path over a period of 3 or 6 months to ESSEC students to professionalize in a specific industry, sector, or key issue affecting organizations. The curriculum includes a few compulsory courses, one Chair seminar, networking opportunities, field visits and trips reserved for admitted students. Through Chairs, students have access to excellent internship and apprenticeship opportunities.

DESIGN THE WAY YOU GAIN PROFESSIONAL EXPERIENCE

ESSEC Business School provides students with constant interaction with the business world to put them in the best possible position to successfully build their careers.

Flexible MiM students must gain at least 8 months of professional experience. Intensive Track students must validate at least 6 months prior to joining the MiM.

Students choose the way they want to organize the professional and international requirements around their studies.

- Apprenticeship (work/study program): a 1 to 2-year contract between a student, school and employer. During this period, the student alternates between studying and working for the employer. Different schedules are available.
- Internships: 4-6 months each on average.
- Non-profit or humanitarian work.
- Start-up enterprise.
- Studying in France, Singapore and Morocco.
- Pursuing an international academic exchange, a double degree or a dual degree.
- **Intensive Track's students:** possibility of final 1-month consulting project abroad or/and internship.

HELPING YOU GET STARTED

CAREER SUCCESS CENTRE SERVICES

Ongoing career orientation and support is provided to help students find suitable positions upon graduating.

These services include personal development coaching which has been designed to help students capitalize on their skills and experience, so they become conscious of their assets. By defining a personal strategy to market their skills, students and graduates optimize their chances of succeeding in their chosen career path.

Career Success Centre Services also organizes individual counseling, workshops, mock interviews, conferences and opportunities to meet with executive search consultants, industry leaders/CEOs and HR Directors.

> “ESSEC Career Services was very helpful in my apprenticeship search process. You can find plenty of offers and the direct contacts of HR or managers which makes it much easier to get an interview than applying directly though the site of the company. The ESSEC database of students and alumni helps you contact directly people from the company that interests you and get all the necessary information.”

"The ESSEC Master in Management gives me the opportunity to open my mind and do many things. I think the most interesting thing about the program is how flexible and professional it is."

Hervé,
French student

"The diversity of our backgrounds is very enriching: we share our knowledge about different industries (health, law, finance, economics, real-estate, etc.) and the way we work. This is particularly useful when working on group projects as we are more creative and more accurate."

Chloé,
French student

"Through the courses I am pursuing, I realized that the theories and concepts are holistically analyzed and illustrated by real life facts and examples in our courses at ESSEC. Most of the courses are evaluated and graded on the basis of real life case studies."

Nihit,
Indian student

> Teaching is a dialogue, not a lecture. My greatest satisfaction comes from engaging with students as we explore together how to navigate the profound changes ahead. At ESSEC, we're building not just expertise, but the strategic thinking that turns disruption into opportunity.

THE PATH TO SUCCESS

IMAGINATIVE LEARNING EXPERIENCE

The Master in Management is designed to help students develop a global vision of business as well as leadership and managerial abilities. ESSEC Business School expects its graduates to have an impact on the world which means developing the skills in critical thinking for carefully considered risk-taking.

The program relies on a wide range of learning methods including lectures, online tutorials, case studies, interactive seminars, simulation games, coursework and individual and team projects.

Anchored in a case-based and learning-by-doing approach, the faculty presents students with international management situations. Solutions that emerge often reflect the cultural and academic diversity of the students.

Figures from the Class of 2024

> Being able to think entrepreneurially has become essential in today's world. Creating solutions with few resources when success is not guaranteed and uncertain, this is what is expected not only in startups, but also in industry, service organizations, NGOs and governments! At ESSEC Business School, everyone is empowered to acquire these skills in courses and experiences, but also in our incubator, and thanks to the support of our powerful ecosystem. People with an ESSEC degree are therefore recognized as solutions-oriented initiative takers, smartly navigating the inevitable challenges that come with novelty.

ACADEMIC EXCELLENCE

AN INTERNATIONAL, SUPPORTIVE AND INVOLVED FACULTY

The three assets that best characterize ESSEC Business School's faculty are academic excellence, a global frame of mind and original and outstanding teaching.

ESSEC's reputation is grounded in the expertise of its dedicated faculty members. Representing over 36 nationalities, ESSEC professors hail from some of the world's most prestigious institutions and publish their cutting edge research in the world's best international academic journals.

In addition to ESSEC's faculty, the program also calls upon visiting professors and industry professionals who bring their business expertise to the class.

A COMMUNITY BOUND TOGETHER BY HUMANISM, INNOVATION, RESPONSIBILITY, EXCELLENCE, AND DIVERSITY.

WHO CAN APPLY?

The ESSEC Master in Management is a selective program designed for high-potential graduates or final year students of a 3-year Bachelor's degree/Licence 3 (minimum level) from a top university/school.

Future students should be open-minded, internationally oriented, sensitive to the world around them and have leadership potential.

Admission and Program Tracks

- Students can apply with a **bachelor's degree** (minimum level) from a top university/school).
- For the **Flexible Track,** you should be **under 32 years** of age. You can apply with little or no graduate work experience.
- If you wish to apply to the **Intensive Track,** you should have **prior professional experience of at least 6 months and 10 weeks of international academic experience.**

The selection process

Selection is made based on an exceptional academic record as well as strong motivation to further a career in management on an international scale.

FOR ALL APPLICANTS:

- Online application file
- Management aptitude test is required: GMAT or GRE or TAGE MAGE or CAT
- English test (minimum score): TOEFL (95/120 or 5/6) or IELTS (6.5) or TOEIC (850) or CAMBRIDGE (175). The English test is not required if all your previous academic degrees (Bachelor's and Master's included) acquired since high school were taught entirely in English. An attestation proving the medium of instruction is required.
- Online recommendations are mandatory (one academic and one professional referee is recommended)

FOR SHORT-LISTED APPLICANTS:

- An individual interview either on campus or via videoconference.

4 INTERNATIONAL CAMPUSES

THE CERGY CAMPUS

Welcome to ESSEC Business School's original campus located only 35 minutes away from Paris.

ESSEC established its original campus in this student haven in 1973. Set in a vast green space covering 2,000 hectares, the campus features the very best teaching tools: auditoriums equipped with facilities, libraries rooted in the digital era, language labs, etc. It is also a convivial site with places to eat, student residences, sports facilities, practical services, and more.

THE PARIS-LA-DÉFENSE CAMPUS

At the heart of Europe's leading business district, this ESSEC campus is adapted to the time constraints and targeted needs of working managers.

This campus, housed in the well-known CNIT building, is specifically dedicated to our executive education programs. Thanks to its strategic location, spaces for group work, connectivity, areas for relaxing, reading and getting together, it offers the perfect conditions for educating managers and executives.

THE SINGAPORE CAMPUS

Midway between India and China, Singapore boasts the ideal location to get a global vision of Asia.

Singapore has always been in the vanguard of Asian development and continues to attract multinationals from all over the world. Since 2005, ESSEC's third campus has been ushering its students into the heart of a major economic, commercial and financial crossroads, offering an ideal platform for understanding the forces, complexity, diversity and challenges of a key region in the 21st century. In January 2015, ESSEC welcomed students to its new 6500 m² campus.

THE RABAT CAMPUS (MOROCCO)

Fully assimilated to its environment, the ESSEC Africa campus works with Moroccan and African leaders to address the continent's economic, cultural and social challenges.

Baptized ESSEC Africa, this 6,000 m² campus, idyllically located in Sidi Bouknadel, is home to ESSEC's academic activities: undergraduate, graduate and executive education programs, a business incubator and research activities conducted in partnership with top-level Moroccan academic institutions.
