MASTER IN MANAGEMENT GRANDE ÉCOLE

ESSEC BUSINESS SCHOOL

Vincenzo Vinzi
Dean and President
of ESSEC Business School

CREATED IN 1907, ESSEC
BUSINESS SCHOOL IS A
WORLD-SCHOOL WITH
FRENCH ROOTS. ITS PURPOSE
IS TO INFUSE TOMORROW'S
LEADERSHIP WITH MEANING.

ESSEC is a **business school** with programs ranging from Bachelor to PhD, a wide range of Masters programs including our flagship **Master in Management** and **Global MBA** programs. ESSEC also offers executive education and custom training designed and developed on-demand for our partners from the private sector. ESSEC holds the “**Triple crown**” of accreditations for global business education: **EQUIS, AACSB and AMBA.**

At the core of the ESSEC learning experience is a combination of **excellence and distinctiveness.** ESSEC's **unique educational model** is based on education by experiences, that foster the acquisition of **cutting-edge knowledge** with the development of **know-how** and **life skills.** At ESSEC, we aim to **empower** students and give them the keys to imagine, create, lead and have a **positive impact** in the business world of tomorrow that will be more complex and changing ever more rapidly.

ESSEC is a world-school. Our International campuses in **Asia-Pacific** and **Africa** are **dual gateways** that allow students to really immerse themselves into **different cultures** worldwide and develop **genuine expertise** about business in those regions. They allow our school to build deeper alliances with academic, private and public partners in those regions that are growing at an accelerated pace and will be leaders of economic growth in tomorrow's world. ESSEC has built a network of alliances with **academic partners worldwide** so that its students' learning journey is a true international one.

ESSEC is a school with **French Roots** that trains **responsible leaders.** Being a responsible leader means being able to see beyond *business as usual.* Responsible leaders are able to value **long-term benefits** over short-term profits; they are able to blend corporate performance with **employees' well-being.** To prepare its students for the world of tomorrow, ESSEC's pedagogy seeks to awaken and develop **creative and critical thinking,** together with **the learning-by-doing** method. Responsible leaders are those who can see the broader picture.

ESSEC is a **full ecosystem** at the crossroad of rigorous and relevant research, innovation, business and society. At ESSEC we believe in bringing research and companies into the classroom, we also believe that learning doesn't end with a degree: learning at ESSEC means becoming a **life-long learner** and joining a close-knit **community of alumni** with over **74,000 members** all across the globe. ■

BECOME INCLUSIVE AND RESPONSIBLE LEADERS THE WORLD NEEDS

The ESSEC Grande École program is **one of the oldest and the most prestigious Master in Management (MIM) programs in the world**. Its objective is to educate the next generation of **responsible top leaders**, who will positively contribute to the social and environmental transition the world has to face.

The values of humanism and excellence that have permeated ESSEC since its creation in 1907 are more relevant than ever. Today, they are reflected in our Together initiative by a commitment to diversity, inclusiveness and sustainable development. You will be exposed to ESSEC's unique pioneering spirit, which is at the core of our DNA. ESSEC's world-class faculty will expose you to the latest theory on management and leadership on our campuses in Paris, Singapore, and Rabat (Morocco).

During your studies, you will be able to efficiently achieve your professional goals through the **one-year Intensive track's** carefully crafted curriculum or explore through Flexible track designing your own career path, become an entrepreneur of your own learning journey, tapping into any of the program's 50 specialisations. You can volunteer and become involved in one of our **hundred student associations** and **alumni clubs** dedicated to making the world a better place.

Throughout your journey, ESSEC's Metalab team is at your side to help you understand and leverage new technologies such as artificial intelligence and data analysis to bring your projects to fruition.

Accompanied by our network of **more than 100 academic partners worldwide**, with **Flexible track** you can put your ideas into practice or create your own business through our Enlightening Entrepreneurship Centre with its various incubators, such as ESSEC Antropia, dedicated to social entrepreneurship. Our students are restless innovators, exploring new frontiers around the globe through, and applying new concepts such as imagination techniques and design thinking for the betterment of society.

Finally, you will be part of ESSEC's powerful alumni network from your first day in the program. Our **74,000 alumni occupy leadership positions** in all major sectors, functions, and countries.

If you are ready to live up to the challenge and embrace ESSEC's values of **academic excellence**, and **responsible leadership**, we are thrilled to welcome you into our Master in Management program!

Masters in Management Ranking 2023

A multi-campus experience

Starting in Singapore

Students fully immerse themselves in Asian contexts. They enjoy all the strengths of a leading French business school that has been based in Asia for more than a decade. Placed at the heart of the region, students study in English while having opportunities to learn French and Mandarin. They benefit from Singapore's pioneering spirit and the state-of-the-art facilities located in the city's innovation park. In the Flexible track, from the second year, students can continue studying in Singapore or move to the French campus. Alternatively, they can also go on an academic exchange or get started with their professional experience.

Starting in France

Students fully immerse themselves in European contexts at the ESSEC historic campus (est. 1907) and study in English or in French. Close to Paris's fast-paced business district and other important European places of commerce, they benefit from a vibrant student life and from knowledge labs with the latest technology to develop their creativity and innovative ideas. With the Flexible track, from the second year, they can choose to continue studying in France or move to the Asia-Pacific campus in Singapore. Alternatively, they can also go on an academic exchange or get started on their professional experience.

Studying in Morocco

With Flexible MIM, in their second year, students may join the Global Manager in Africa track offered in partnership with Centrale Casablanca or Entreprendre en Afrique track. Students will be able to understand business conduct in Africa, either as entrepreneurs or as future collaborators in a company implanted in Africa. Placed at the Plage des Nations in the city of Sidi Bouknadel (Rabat-Salé-Kénitra area) with state-of-the-art facilities, students will study in French or English in a truly unique blend of Mediterranean, Arabic and African influence.

WITH THE INTENSIVE TRACK, STUDENTS CAN START THEIR PROGRAM IN FRANCE OR IN SINGAPORE AND MUST CONTINUE THE PROGRAM FOR THE ENTIRE YEAR ON THE SAME CAMPUS.

ESSEC'S MISSION STATEMENT

- ▶ **TRANSFER KNOWLEDGE INTO ACTION**
- ▶ **MANAGE UNCERTAINTY AND COMPLEXITY IN THE DIGITAL ERA**
- ▶ **EXERCISE LEADERSHIP WITH AN ENTREPRENEURIAL SPIRIT**
- ▶ **MANAGE FOR SUSTAINABILITY AND POSITIVE SOCIETAL IMPACT**

THE PHILOSOPHY OF MIM AT ESSEC

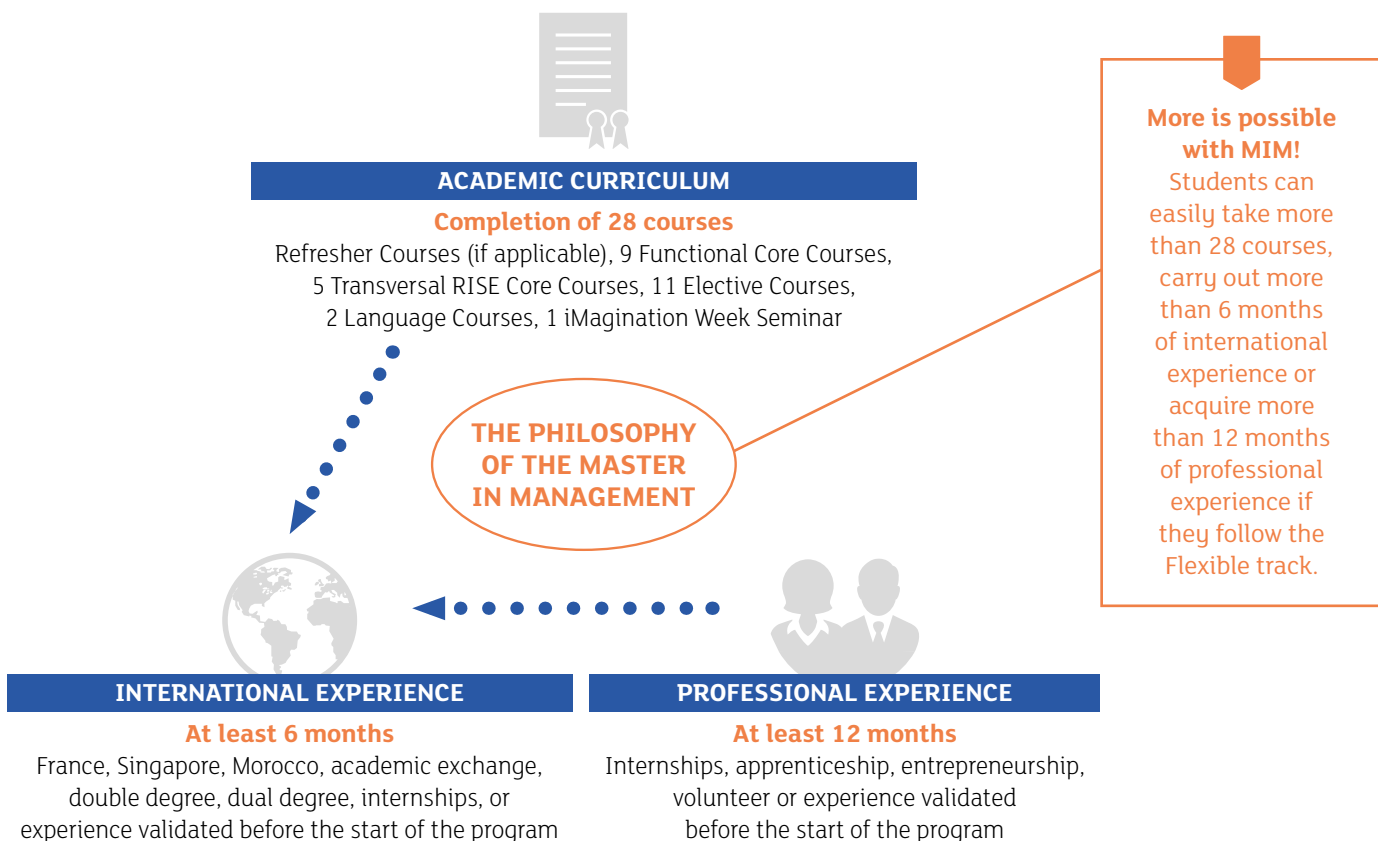

CREATE YOUR ESSEC JOURNEY

ADAPTABILITY AT ESSEC MEANS:

Once you have decided the rhythm between a fast-paced and efficient **one-year Intensive track** or you wish to become an architect of your curriculum by choosing the **Flexible track**, you can now focus on the ESSEC campuses.

- Both tracks are offered in France and in Singapore
- All tracks in Singapore and Intensive track in France are only offered in English language. However, you can study the Flexible track in French at our France campus.

FULFIL GRADUATION REQUIREMENTS WITH THIS UNIQUE & FLEXIBLE WAY TO LEARN!

“ Working at a global, Asia based, firm and covering pan-European Investments, ESSEC’s very international curriculum was the perfect preparation for my job. I also think the specialized tracks ESSEC offers can give one a head start searching for jobs and building a strong network in relevant industries. ”

*RISE: We are collectively facing major economic, environmental, health, and social challenges that call for action. In this complex period of rapid and profound change, companies, organizations and their leaders have a key role to play in responding to the questions that lie ahead. The business schools that train many of these leaders and influence their practices through research must transform themselves to be aligned with these new needs. You can take 5 SPOCs spanning across the three major themes of the strategy of ESSEC: Sustainability, Artificial Intelligence, and Entrepreneurship

GET THE FOUNDATIONS IN MANAGEMENT

REFRESHER COURSES

Diversity defines ESSEC. As students come from different academic backgrounds, it is important to get everybody up to speed and on the same level. Therefore students begin their studies acquiring basic management skills in Accounting, Economics, Finance, Mathematics, Statistics, Computer Skills, Marketing, Law, Operations Management. The courses taken by each student depend on their previous academic background.

- **Intensive Track:** To assess their previous understanding of courses, students pass refresher tests and engage themselves in summer preparation through resources provided by ESSEC before arriving in the program.
- **Flexible Track:** Students will pass refresher tests before arriving in the program and courses will be allocated based on their test results. These allocated refresher courses will then be conducted between September and December.

> **If you start at the ESSEC Asia-Pacific campus**, you will have the unique opportunity to simultaneously apply these skills through “**Junior Consultant Experience**”. In addition to refresher courses, students carry out three projects in groups:

- 1) **Company Project:** consulting mission case study set by a leading company based in Asia.
- 2) **Social Business:** consulting mission to understand how business approaches can be relevant to the development of social and non-profit organizations based in Asia.
- 3) **Build your Own Project:** students will develop their entrepreneurial spirit by creating and managing an event dedicated to the whole ESSEC Asia-Pacific community.

> **If you start at the ESSEC Cergy campus**, you will follow courses in a traditional, pedagogical approach.

ESSEC MENTOR PROGRAM: IN THE FLEXIBLE TRACK, WE WILL GUIDE YOU TO CREATE YOUR OWN PATH

Students are paired with a mentor who will help them develop their professional plans according to their individual projects and objectives. In designing their own path in line with their career aspirations, students not only follow courses in management but also are able to develop their knowledge and understanding of specific functions and sectors in a globalized world.

9 FUNCTIONAL CORE COURSES

With a strong emphasis on the underlying fundamental skills necessary to operate in every management career, these mandatory courses provide students with a global approach to management: Financial Accounting & Reporting; Management Control; Marketing Management; Strategy & Management; Business Economics; Principles of Finance; Managing IT in Digital Age; People & Organizations; Business Law.

Intensive Track:

You must take the above mentioned core courses every trimester at our France and Singapore campuses wherever you start your program.

Flexible Track:

- **On the ESSEC Asia-Pacific campus**, some core management courses are gathered together with specialized tracks offered during the first year, allowing students to complete a large part of this requirement in a short period of time.
- **On the ESSEC Cergy campus**, these can be taken in a spread-out fashion, throughout the program.

5 TRANSVERSAL RISE CORE COURSES

At ESSEC, we believe that it is our responsibility as a business school to take part in facing global challenges and contribute to building a more inclusive, just, and sustainable society. To that end, the RISE Strategy was launched in October 2020, with three foundational pillars: Together, a strategic initiative for social and environmental transition; the Metalab, a multidisciplinary ecosystem at the intersection of data, technology, and society; and Enlightening Entrepreneurship, a platform for supporting and training the next generation of entrepreneurs.

Students will be immersed in these topics through 5 transversal RISE Core Courses, aimed at helping them understand the societal challenges of our times and preparing them to become leaders who will make a difference in the world of tomorrow: Responsible Leadership, Climate Change, Artificial Intelligence (AI), Entrepreneurship, Diversity & Inclusion.

DESIGN THE WAY YOU GAIN PROFESSIONAL AND INTERNATIONAL EXPERIENCE

ESSEC Business School provides students with constant interaction with the business world to put them in the best possible position to successfully build their careers.

To graduate, students must gain 12 months of professional experience and 6 months of international experience. For intensive track, students must validate these experiences prior to joining the program. For flexible track, those who already have relevant prior experience may apply for exemptions, subject to approval.

With Flexible track, students choose the way they want to organize the professional and international requirements around their studies.

- Apprenticeship (work/study program). An apprenticeship is a 2-year contract between a student, school and employer. During this period, the student alternates between studying and working for the employer. Different schedules are available.
- Internships from 6 to 9 months each on average.
- Non-profit or humanitarian work.
- Start-up enterprise.
- Studying in France, Singapore and Morocco.
- Pursuing an international academic exchange, a double degree or a dual degree.

PARTNER COMPANIES
IN RESEARCH, EDUCATION,
AND RECRUITMENT

ESSEC Career Services was very helpful in my apprenticeship search process. You can find plenty of offers and the direct contacts of HR or managers which makes it much easier to get an interview than applying directly through the site of the company. The ESSEC database of students and alumni helps you contact directly people from the company that interests you and get all the necessary information.

SIGNIFICANT INTERNATIONAL EXPOSURE

EXPERIENCE THE WORLD WITH ESSEC IN FRANCE, IN SINGAPORE & IN MOROCCO

In a European, in an Asian or in an African context, ESSEC encourages students to anticipate and meet the economic, managerial, social, environmental and ethical challenges of an increasingly uncertain world. ESSEC helps students achieve more and more complex goals by leveraging technology with a human touch.

With Flexible track, whether students start their program in Singapore, in France or study in Morocco, they may complete their elective credits by going on a 3 to 6 months exchange program or by pursuing a double or dual degree. By doing so, they may further enrich their international exposure, deepen their specialized knowledge or add new competencies.

“ The global dimension of the school has broadened my perspectives in a way I did not expect before. Meeting new people from all over the world is something I never want to miss out on again. ”

“The Master in Management (Grande École) students are diverse in their interests and experiences which makes for some very interesting class discussions. They have very strong educational backgrounds and are very creative. I am frequently amazed by their quest to find passion in their work but also in life, by getting involved in various volunteer and student organization initiatives, and trying to make their ESSEC experience the best it can be.”

ACADEMIC EXCELLENCE

AN INTERNATIONAL, SUPPORTIVE AND INVOLVED FACULTY

The three assets that best characterize ESSEC Business School's faculty are academic excellence, a global frame of mind and original and outstanding teaching.

ESSEC's reputation is grounded in the expertise of its dedicated faculty members. Representing over 36 nationalities, ESSEC professors hail from some of the world's most prestigious institutions and publish their cutting edge research in the world's best international academic journals.

In addition to ESSEC's faculty, the program also calls upon visiting professors and industry professionals who bring their business expertise to the class.

“ The ESSEC Master in Management gives me the opportunity to open my mind and do many things. I think the most interesting thing about the program is how flexible and professional it is. ”

Hervé,
French student

“ Through the courses I am pursuing, I realized that the theories and concepts are holistically analyzed and illustrated by real life facts and examples in our courses at ESSEC. Most of the courses are evaluated and graded on the basis of real life case studies. ”

Indian student

THE PATH TO SUCCESS

IMAGINATIVE LEARNING EXPERIENCE

The Master in Management is designed to help students develop a global vision of business as well as leadership and managerial abilities. ESSEC Business School expects its graduates to have an impact on the world which means developing the skills in critical thinking for carefully considered risk-taking.

The program relies on a wide range of learning methods including lectures, online tutorials, case studies, interactive seminars, simulation games, coursework and individual and team projects.

Anchored in a case-based and learning-by-doing approach, the faculty presents students with international management situations. Solutions that emerge often reflect the cultural and academic diversity of the students.

“ Students come from top institutions in their respective countries and so it is a pleasure to work with them. They are dynamic, eager to learn and work very hard to achieve their goals. In my opinion ESSEC offers one of the best environments to foster their abilities and help them in launching their future careers. ”

ALTERNATE THEORETICAL AND PRACTICAL APPROACHES TO MANAGEMENT

iMagination Week

This seminar is dedicated to imagination, innovation and transdisciplinarity, with the objective to train future managers, helping them understand today's changing world and enabling them as actors of a world to imagine.

iMagination Week aims at culturally enriching students by taking them away from their usual work habits and confronting them to experts from various backgrounds (sciences, art, gastronomy, astrophysics, etc). Its purposes are also to instill in them a pioneering spirit to help them understand the issues of the world they will build as well as to assist them in developing their creative minds by stimulating their imagination and their group work capabilities. A dedicated team of coaches share these objectives with students via more than 20 hours of group work and 10 hours of plenary conferences, given by transdisciplinary experts on topics singular for a business school and accessible year-round via the YouTube playlist.

Each year, iMagination Week hosts a contemporary artist in residence whose work and journey reveal the challenges within the theme of that year.

“

THIS TRANSDISCIPLINARY
WEEK IS UNIQUE IN THE WORLD
OF BUSINESS SCHOOLS AND
PROVIDES TO THE STUDENTS A
DISRUPTIVE WAY OF THINKING.

Build Your Own Course

ESSEC Business School gives students the opportunity to actively contribute to the institution's course offering by welcoming topic ideas from students all year round based on their experiences and perspectives. These are combined with professors' own areas of expertise and research interests to ensure that the creation of new courses remains consistent with students' ever-evolving needs, involving them throughout the course development process led by the professor.

“All in all, I personally find iMagination Week a truly unique event, valuable and enjoyable. As a student, I designed my curriculum of study and explored subjects far beyond the traditional academic framework. As a future decision maker, I raised my awareness on the subjects of creativity, innovation and imagination, and produced ideas and actions I had never thought of before. Finally, as a part of the student community, I got to know a lot of new people, who turned out to be some of the most intelligent, open-minded and motivated persons I have met so far.”

WHO CAN APPLY?

The ESSEC Master in Management is a selective program designed for high-potential graduates or final year students of a 3-year Bachelor's degree/Licence 3 (minimum level) from a top university/school.

Future students should be open-minded, internationally oriented, sensitive to the world around them and have leadership potential.

Admission and Program Tracks

- Students can apply with a French degree or an international degree.
- If you wish to apply to the **Intensive track**, you should have **prior work experience of minimum 1 year and prior international experience of at least 6 months**.
- Exemptions for the above requirements are possible, please refer to our website.

The selection process

Selection is made based on an exceptional academic record as well as strong motivation to further a career in management on an international scale.

FOR ALL APPLICANTS:

- Online application file
- Management aptitude test is required: GMAT or GRE or TAGE MAGE or CAT
- English test (minimum score): TOEFL (95) or IELTS (6.5) or TOEIC (850) or CAMBRIDGE (175). The English test is not required if all your previous academic degrees (Bachelor's and Master's included) acquired since high school were taught entirely in English. An attestation proving the medium of instruction is required.
- Online recommendations are mandatory (one academic and one professional referee is recommended)

FOR SHORT-LISTED APPLICANTS:

- An individual interview either on campus or via videoconference.

4 INTERNATIONAL CAMPUSES

THE CERGY CAMPUS

Welcome to ESSEC Business School's original campus located only 35 minutes away from Paris.

ESSEC established its original campus in this student haven in 1973. Set in a vast green space covering 2,000 hectares, the campus features the very best teaching tools: auditoriums equipped with facilities, libraries rooted in the digital era, language labs, etc. It is also a convivial site with places to eat, student residences, sports facilities, practical services, and more.

THE PARIS-LA-DÉFENSE CAMPUS

At the heart of Europe's leading business district, this ESSEC campus is adapted to the time constraints and targeted needs of working managers.

This campus, housed in the well-known CNIT building, is specifically dedicated to our executive education programs. Thanks to its strategic location, spaces for group work, connectivity, areas for relaxing, reading and getting together, it offers the perfect conditions for educating managers and executives.

THE SINGAPORE CAMPUS

Midway between India and China, Singapore boasts the ideal location to get a global vision of Asia.

Singapore has always been in the vanguard of Asian development and continues to attract multinationals from all over the world. Since 2005, ESSEC's third campus has been ushering its students into the heart of a major economic, commercial and financial crossroads, offering an ideal platform for understanding the forces, complexity, diversity and challenges of a key region in the 21st century. In January 2015, ESSEC welcomed students to its new 6500 m² campus.

THE RABAT CAMPUS (MOROCCO)

Fully assimilated to its environment, the ESSEC Africa campus works with Moroccan and African leaders to address the continent's economic, cultural and social challenges.

Baptized ESSEC Africa, this 6,000 m² campus, idyllically located in Sidi Bouknadel, is home to ESSEC's academic activities: undergraduate, graduate and executive education programs, a business incubator and research activities conducted in partnership with top-level Moroccan academic institutions.
